NEW SERIES: VOL. XIV.—NO. 40

Garden Notes

It is mighty nearly like starting a garden over following last week's freeze, so far as the tender vegetables are concerned. They were most all killed and this time the seed and labor on them were about lost. But we will plant early every time, hoping that we may save them, and then we will be that far ahead.

Our egg plants are large a plenty to be transplanted but we will wait on them and the sweet peppers till the middle or last of April.

We are putting out a new lot of early tomato plants following those that froze last week. A peculiar thing in our garden was that about one fourth of the tomato plants we had set out lived thru the freeze and are growing nicely, and yet it is a very tender plant.

The corn bitten down by the freeze is coming out with these warm days and was not hurt.

Are you planting the succession crops of English peas? We have two already and are planting the third this week.

If one wants beets quicker than growing them from seed plants set out live as well as most any thing we transplant.

A local gardener asked a few days ago if there was danger of getting his garden too heavily manured with four loads on a half acre. Ten times that much would not hurt, but rather would produce more abundantly.

Strawberries in this section were not seriously hurt from the recent freeze and promise is for a good crop.

The old advice is to dig out holes two feet square and fill with manure for each hill as running beans and then set pole in the middle of this and plant the beans around it. There is no doubt about this plan producing beans, lots of them, but we plant most of our running beans with corn for them to run on and get all the beans we need without the other trouble.

Burpee's Green pod bunch beans and Kentucky Wonder pole beans are our favorites and can hardly be beaten.

The average gardener can very well let the other fellow try the vegetable novelties, while he sticks to the old proven varieties. The proven ones are sure to make a good crop, the novelties are uncertain.

Card of Thanks

We wish to express our deepest appreciation and extend our heartfelt thanks to our friends, neighbors and relatives of Rossville who so sweetly sympathized with us during the illness of our dear daughter and sister, Erma, we have always loved the people of Rossville and now they have endeared themselves a hundredfold, may God bless you one and all for your kindness is our prayer.

Officer Tom Reeves Shot by Negro

This county was struck with horror a week ago when it was learned that Thursday of last week about noon Deputy Sheriff Tom Reeves of Williston had been shot by Manuel Moore a negro, while the officer was reading a warrant to the negro for his arrest.

Moore had forged a check the Saturday before and cashed it and a warrant for his arrest was sworn out and given the officer for service. Mr. Reeves went to the negro's home in the western part of the fourteenth district and found the negro in the woods near his house. He told the negro he had the warrant for his arrest and the negro declaring he would not be arrested switched out his pistol and began shooting. Mr. Reeves receiving two wounds in the left hand, two in the abdomen and one in the thigh.

After emptying his pistol the negro ran and Reeves, badly wounded, drew his pistol and shot until empty, but his shots going wild of their mark. Moore realizing Reeves pistol was empty, turned and came back to his victim and cursed and abused him, threatening to "finish him up" and ordering him to get in his car and drive off.

Reeves went to Williston and telephoned this city of the affair. Quickly plans were made and he was brought to Somerville and placed on the N. C. & St. L. train at 2 p. m. and carried to St. Joseph hospital in Memphis where he was operated on. It was first thought that his wounds would surely prove fatal, but he rallied and now is apparently in a fair way to recover.

Several hundred men soon gathered around the scene of the shooting, but Moore had fled and has not yet been caught. Gov. Taylor was communicated with and offered \$300 reward for the arrest of the negro, this sum being all the Governor is allowed to offer for the arrest of any criminal. Citizens of the county have raised \$200 to add to that offered by Gov. Taylor, making a cash reward of \$500 that is awaiting the person who arrests the negro and turns him over to the Sheriff.

It is thought by officers that Moore has probably left the county and gone to some northern city where he hopes to be safe from Tennessee laws and officers. He has lived in St. Louis, Kansas City and Chicago, tho a native of this county, and is known to have relatives in the latter city.

Feeling ran very high here against the negro who is considered generally by those who know him as being a bad character.

Officers have followed up several clues for the arrest of Moore but up to Thursday morning he has not been apprehended.

A prudent mother is always on the watch for symptoms of worms in her children. Paleeness, lack of interest in play, and peevishness is the signal for WHITE'S CREAM VERMIFUGE. A few doses of this excellent remedy puts and end to the worms and the child soon acts naturally. Sold by Price Drug Co. adv.

THE BEST TEST

Is the Test of Time

Years ago J. G. Knox, manager of grain mill of State St., Somerville told of good results from using Doan's Kidney Pills. Now Mr. Knox confirms the former statement—says there has been no return of the trouble. Can Somerville people ask for more convincing testimony?

Mr. Knox gave the following statement November 16, 1914: "I had been suffering from pain and lameness across my back and it got so bad, I couldn't stoop to put on my shoes. My kidneys acted too freely and I was obliged to get up at night to pass the secretions. Flashes of light appeared before my eyes and I was often dizzy. I used Doan's Kidney Pills and it wasn't long before these troubles disappeared. I highly recommend Doan's to other kidney sufferers."

On May 8, 1916 Mr. Knox said: "I can speak just as highly of Doan's Kidney Pills today, as I did in 1914 when I testified to their merits. The cure they made for me at that time has remained permanent and I know Doan's Kidney Pills can be depended upon for kidney ailments. I gladly endorse them again."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Knox had. Foster Milburn Co., Mfgs. Adv.

Frank Cannon Buford

After an illness extending over just a week Frank Cannon Buford last Saturday evening was called in death and he answered his last summons. He was in Somerville Saturday, March 26, returning to his home in Memphis after supper by automobile. When he retired he asked not to be called for breakfast and was not seen until about nine o'clock Sunday morning when he was found unconscious in his room.

Under the skill of his physicians he rallied slightly at the Baptist Hospital to which he was removed, but there was at no time any material change in his condition for the better.

Deceased was born at Hatchie Hall in the fifth district of this county twenty six years ago, the son of Hon. F. G. Buford and Mrs. Corinne Cannon Buford. He spent his boyhood there and removed some years ago with his parents to Memphis. When the world war broke out he early enlisted in the marines and was among the first to get into action at the front. He was severely wounded, being almost literally shot to pieces by the enemy guns but had proved his courage and his valor in action before being shot down, pierced by numerous bullets from enemy guns. His recovery from these severe wounds seemed impossible, but he rallied and gained strength and was apparently well, save for the marks that it was seen he must carry thru life. He returned home and engaged in business in Memphis for a time, disposing of his business some time ago.

But he was not well, and his death may as well and truly be counted a war fatality as if he had been buried on the field of battle where his wounds were received. He was a war victim, his death, without a doubt, being due to the effects of his wounds.

He grew up here and had many friends in this county. He was a lovable boy and to those who held him all ways in fond recollections here he was but a boy holding the esteem of many friends in this section.

Funeral services were conducted at his home in Memphis last Monday morning by Rev. W. L. Carson and interment in Somerville Cemetery by the side of his mother who preceded him several years. He is survived by his father, Hon. F. G. Buford, who is himself in feeble health at the home of his daughter, Mrs. Major, in Mississippi. His friends in large numbers witnessed the burial and placed upon the mound that marks his last resting place beautiful floral offerings, in token of the esteem in which he was held.

Mrs. L. N. Carter Entertains Craddock Book Club

On Tuesday last, March 29th, one of the most delightful meetings the club has had, Mrs. Carter being hostess. Explaining it all in a "nut shell" she has the reputation of being a lovely hostess, not only her most pleasing manner, but when the refreshments are served it is always something "out of the ordinary". First an hour of each member deciding on new books, for the new year paying dues etc.

Then a lovely program of music furnished by the talent of Miss Orell Day, Mrs. Walker and Mrs. T. A. Moorman. The home was beautifully filled with cut spring flowers. Five tables of cards were highly enjoyed. Mrs. Armstrong and Mrs. Seassums being the lucky winners.

Quite a number of new members joined and all left reluctantly declaring Mrs. Carter an ideal hostess.

The next meeting April 12, will be with Mrs. Seassums. "C"

Chamberlain's Cough Remedy

The great benefit derived from the use of Chamberlain's Cough Remedy has been gratefully acknowledged by many. Mrs. Benjamin F. Blakeney-Decatur, Ill. writes, "Chamberlain's Cough Remedy is by far the best medicine for colds and coughs we have used in our family. I gave it to my children when small for croup and have taken it myself."

Bad breath, bitter taste, dizziness and a general "no account" feeling is a sure sign of a torpid liver. HERBINE is the medicine needed. It makes the liver active, vitalizes the blood, regulates the bowels and restores a fine feeling of energy and cheerfulness. adv.

County Court Meets

The County Court for Fayette county met in regular quarterly session last Tuesday with every member except two present.

The chairman's report showed the county finances in a rather bad way, but no worse than the people knew they were before the court met, because for months past it has been difficult to get warrants cashed and every county fund was without money. There are many thousands of dollars of outstanding warrants, held mostly by the banks, tho many warrants are still in the hands of those who have done work for the county. The recent legislative act putting off payment of taxes has served to aggravate this condition and has delayed the payments to the Trustee. Tax payments have been light and there now remains less than a month for payments to be completed before taxes become delinquent.

The court consumed most of the morning on miscellaneous items, one of the most important of which was discussion of a \$50,000 bond issue to raise money to pay up all outstanding warrants of the county and furnish funds to run the county's business on a cash basis the remainder of the year. For the past four or five years the county has annually run out of money and it has been necessary to arrange temporary credits, and there has been more or less trouble getting warrants cashed. This condition was pretty "thoroughly discussed" by the chairman and members of the court and a resolution was adopted by a unanimous vote authorizing the issuance of the \$50,000 in bonds. An act authorizing this issue was recently passed by the legislature. This will place the county in better condition financially than it has been for several years.

An appropriation of \$1,500 was made for the purpose of buying road working tools, \$100 to each district.

Members of the court frequently appealed to fellow members to exercise the closest economy in appropriations, but when voting time came each time it was oftentimes that the other fellow's appropriation was the one to be cut. The total appropriations as kept by one of the members of the court during the day will run about \$12,000, while several of the larger requests for money were cut heavily by the court.

Appropriation for continuing the Farm Demonstration agent was turned down by a vote of 14 to 13, and this action will deprive the county of the services of the agent for the future, after having a county agent for ten years. A committee from the County Council of Agriculture was present and asked to make the appropriation.

The day was by no means as stormy as we have seen in the court, tho it was necessary several times for the Chairman to rule out of order requests made in one or another irregular way.

At the close of the session the resignation of R. B. Young as a member of the court from the fourth district was read and accepted. His resignation is a distinctive loss to the county. During his membership of the body he has been one of its best and most progressive members, broad-minded and reasoning, and much of the most progressive work done by the court has been due to his forethought and his influence.

State of Ohio, City of Toledo, Lucas County, ss.
Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of HALL'S CATARRH MEDICINE.
Sworn to before me and subscribed in my presence, this 6th day of December, A. D. 1921.
A. W. GLEASON,
Notary Public.
Hall's Catarrh Medicine is taken internally and acts through the blood on the mucous surfaces of the system. Send for testimonials, free.

Sold by all druggists, etc.
Hall's Family Pills for constipation.

The Sum and Substance

of being a subscriber to this paper is that you and your family become attached to it. The paper becomes a member of the family and its coming each week will be as welcome as the arrival of anyone that's dear. It will keep you informed as to the doings of the community and the bargains of the merchants regularly advertised will enable you to save many times the cost of the subscription.

Nannie Ruby Barbee

On Wednesday morning March 30, 1921 at eleven o'clock Nannie Barbee, daughter of Mr. and Mrs. J. A. Barbee, passed from this world to "be a blooming flower in heaven." Nannie was twenty four years, four months and twenty four days old. She was born in Madison County, Alabama, moved to Tennessee six years ago with her parents where she spent the remainder of her life. She was operated on for a cancer in St. Joseph Hospital December 3, 1919 and again February 19, 1921 which relieved her of the great suffering for a short time, but now she has gone where there is no more suffering or pain. She leaves a father, mother, four sisters and three brothers with a host of friends to mourn her loss. But to them I say weep not for she is one more jewel to draw us closer unto God. Nannie has only gone on the other side to join her little brother and sister, and wait our coming. I know when God called her last Wednesday that Nannie was ready to say, "I am ready to come up higher." She had a kind and loving disposition that won for her many friends. Unto them I say live as she did so when we are called we can answer as she, "I am ready."

She was a member of the Methodist church of Williston. She was laid to rest in the Asbury cemetery Thursday, afternoon at three o'clock with other friends who have gone on before to wait our short coming. Rev. T. L. Peery, (her pastor), conducted the services. Her true and devoted friend, NORMA ROBINSON

Notice To Contractors

The undersigned will on the 19th day of April, 1921, at noon, at the court house in Somerville, Tennessee, let the contract for the work of construction of Laurel Creek Drainage District of Fayette County, Tennessee, and sealed bids for said work will be received up to said hour.

The construction work will consist of:
1. The clearing of the right of way of the main canal and laterals approximately 84 acres.

2. The excavation and digging of the main canal and laterals the estimated yardage aggregating approximately 112,300 cubic yards.

All of the work of the construction must be done according to the plans and specification and decrees of the court in the matter of Laurel Creek Drainage District of Fayette County, pending in the County Court of Fayette county, Tennessee.

Each bid must be accompanied by a certified check for 10 per cent of the amount of the bid.

The work must begin as soon as practicable after the contract is let and be completed by April 1st 1922.

The right is reserved to reject any and all bids and readvertise the letting of said work.

This the 23rd day of March, 1921,
J. A. MCNABB
W. G. SHELTON
J. L. MAYO

Board of Directors of Laurel Creek Drainage District of Fayette County, Tennessee. 4 22

Clean Up Day-Thursday April 14, 1921

The above date set apart as clean up day for Fayette county. We respectfully ask that this apply to all the towns, schools, rural communities and to private homes of the county.

The object is to clean up premises, vacant lots, streets, alleys etc., of all rubbish, with special reference to tin can receptacles that hold water. One tin can having in it a teacupful of stagnant water is capable of breeding enough of a kind of mosquito that infests our section of country to transmit malaria to a whole community.

The cleanup has reference, also, to drainage of stagnant pools of water where it can be accomplished. Proper screening is also urged. For Stores where estables are kept the state laws demand that proper screening is done.

Flies are appearing now. The crop this year depends upon how many parent flies are left "unswatted" and also upon how many breeding places are provided or left for them.

Remember they breed in garbage, about stables and lots that are not clean and in the open closets. If they are born in such places, we can't afford to keep company with them.

Don't wait till the 14th but prepare the day before for the clean up. Have the proper heads in each locality for the movement. Appointments will be made and sent out for leaders this week.

After the cleanup is over, it is suggested that school children visit in a body neighbors to all the schools, and learn about sanitary premises.

MISS BRASFIELD, Home Dmn. Agt.
MRS. HARRY LIPSKY.
DR. J. K. CRAWFORD, Co. Health Officer.

Card Of Thanks

To our friends and neighbors who have been so kind and thoughtful of us during the recent sickness in our home we wish to express our thanks. It is impracticable to see each and every one personally, as we would like, but our gratitude is none the less for this fact.

With every feeling of gratitude, we are
Respectfully
F. M. KNOX
KATTIE KNOX LEAVELL

Million Packets Of Flower Seeds Free

We believe in flowers around the homes of the South. Flowers brighten up the home surroundings and give pleasure and satisfaction to those who have them.

We have filled more than a million packets of seeds, of beautiful yet easily grown flowers to be given to our customers this spring for the beautifying of their homes.

Wouldn't you like to have five packets of beautiful flowers free? YOU CAN GET THEM! Hastings' 1921 catalog is a 116-page handsomely illustrated seed book with twenty beautiful pages showing the finest varieties in their true natural colors. It is full of helpful garden, flower and farm information that is needed in every home, and, too, the catalog tells you how to get these flower seeds absolutely free.

Write for our 1921 catalog now. It is the finest, most valuable and beautiful seed book ever published, and you will be mighty glad you've got it. There is no obligation to buy anything. Just ask for the catalog.
H. G. HASTINGS CO., SEEDSMEN, ATLANTA, GA.

Notice

Why let your livestock die when you can have them treated by paying a little cash and the balance on credit until fall.
